**TITLE: REQUEST FOR NEW INFORMATION FOR DRAFT  
RECOMMENDATION Q.1741.2  
(REFERENCING OF 3GPP RELEASE 4)**

**TO: 3GPP**

**COPY: ETSI, T1, TTA, TTC, ARIB**

**APPROVAL: Agreed to at SSG meeting (Rio de Janeiro, 5 September 2001)**

20 September 2001

Dear Colleagues:

The ITU-T SSG thanks 3GPP for the input to our referencing Recommendation for Release 1999 and hope that we can continue with this good co-operation. We have updated our work plan and will be starting with referencing of Release 4. Our intention is that we will base our referencing on the different SDOs' specifications. The SSG would appreciate if these SDOs specifications refer to the same version of the 3GPP specifications. Our goal is to have the referencing Recommendation for Release 4 ready in the October 2002 time frame. To fulfil this goal, it is necessary that we receive information from you as early as possible and at the latest, end of July 2002.

For further information, please contact our Rapporteur of Q.3/SSG::
