Introduction

The meeting schedule for 2001 needs to be determined. Currently there are four CN Plenaries scheduled for 2001 (i.e. TSG #11-14. Based on this fact, two alternative N4 meeting schedules are described in this document. The first alternative is based on six N4 meetings in 2001. In this alternative it will be likely that Ad Hoc meetings will be required.

The second alternative will be based on eight N4 meetings within 2001. This will mean that there is almost no room left for Ad Hoc meetings.

Both alternatives take into account the major holidays, black out dates (i.e. TSG Plenaries) and school holidays.

Joint N2 & N4 agreed to have 6 meeting scheduled.
