3GPP TSG CN Plenary Meeting #22   **NP-030464**
10th - 12th December 2003. Maui, Hawaii, USA.

Source:	**CN Chair**
Title:	**REPORT - ITU-T Status**
Agenda item:	**6.6**
Document for:	**INFORMATION**

1. Executive Summary

TSAG restructuring discussions ongoing in ITU-T. There is a question of whether SSG will continue and if not which organization will pick up duties such as the production of Q.1741.x.

NGN discussions continue. The issue of whether this is based upon IMS is still open.

Q.1912.5 (SIP interworking) was consented. Approval expected in December.
