1. Discussion

SSG has requested TSG-CN and TSG-SA to review the proposed ITU-T Technical Report on mobility management (Q.TRMMR). However due to its late arrival, there was not time to develop a consensus position within CN. Presumably, this situation will also occur within TSG-SA. CN therefore recommends that a LS be sent to SSG indicating that CN and SA have requested the 3GPP individual member companies to analyse the document and take any comments directly into SSG.

Proposed text of LS follows:

TSG-SA thanks SSG for the opportunity to review Q.TRMMR. However due to its late arrival at the 3GPP plenaries there was insufficient time to develop a consensus position within 3GPP. 3GPP TSG-CN and TSG-SA have therefore requested that the 3GPP individual member companies analyse the document and provide any comments directly into SSG.

2. Actions:

To TSG-SA

ACTION: If agreeable, send a LS to SSG indicating that the above mechanism will be used to provide comments to Q.TRMMR.

3. Dates of Next TSG-CN Meetings:

CN#26	8 th -10 th Dec, 2004	Athens, Greece
CN#27	9 th -11 th March, 2005	Tokyo, Japan
