Title: Response to LS on CBS documentation

R2 would like to thank S2 for providing information about the decision to maintain the CBS stage 2 Overall Architecture description under own responsibility. (cf. S2-99xxx, R2-99g08 submitted to R2 #8).

R2 will comply with the S2 decision and remove those parts of TR 25.925 which shall be covered by TS 23.121 and TS 23.041. TR 25.925 will become a UTRAN stage 2 (similar principles as LCS).
