

Source : RAN WG3 Chairman

Object: R99 Cover Sheet:

**Release 1999 Submission form**

|  |               |   |   |                      |                        |
|--|---------------|---|---|----------------------|------------------------|
| <b>Work Area / Item:</b>                             |               | <b>Completion of DL power control behaviour in Node B</b> |   |                      |                        |
| <b>Affects:</b>                                      | <b>UE/MS:</b> | <b>CN:</b>  | <b>UTRAN: X</b>   | <b>Compatibility</b> | <b>Yes:      No: x</b> |
|  |               | <b>Issues:</b>  |   |                      |                        |
| <b>Expected Completion Date:</b>                     |               | 3/2000  |   |                      |                        |
| <b>Services impacted:</b>                            |               | Not service dependent                                     |   |                      |                        |
| <b>Specifications affected:</b>                      |               | 25.423, 25.433  |   |                      |                        |
| <b>Tasks within work which are not complete:</b>     |               |   | DL power control behaviour in the Node B is currently not specified. RAN WG3 + WG1 should conclude on what need to be specified this area |                      |                        |
| <b>Consequences if not included in Release 1999:</b> |               |   | Potentially problem with interoperability (radio network control is in the RNC).  |                      |                        |
| <b>Accepted by TSG#</b>                              |               | <b>for late inclusion in Release 1999:</b>                |   |                      |                        |
