**1. Overall Description:**

CN1 have received and studied a number of liaison statements on the Handling of Early UE proposals in documents N1-030031 (N4-021497), N1-030037 (R3-022557), N1-030043 (S2-023664), and N1-030106 (RPA-030014).

CN1 would like to confirm that, within the specifications in our control (specifically TS 24.008) it is already possible to request and transfer IMEISV from the UE to the MSC/SGSN. The conclusion is that the proposed solution will have no impact on CN1 specifications as CN1 currently understand it.
