Source: ⌘	RAN3
Work item code:⌘	TEI5 　　　　　　　　　　　　　　**Date:** ⌘ 25/08/2003
Category: ⌘	**F** 　　　　　　　　　　　　　　**Release:** ⌘ Rel-5

Use one of the following categories:
F (correction)

Reason for change: ⌘	The CR036r1 was based on CR031r1 25.453 Rel-5, but during the implementation this was not taken into account therefore the second sentence in section 9.2.2.27 Requested Data Value Information is obsolete because this sentence is included in the third sentence.
Summary of change:⌘	The second sentence is removed from the text in the Requested Data Value Information IE.
Consequences if not approved: ⌘	If this CR is not approved, an unnecessary sentence is remaining.

Impact Analysis:
This CR has no impact with the previous version of the specification (same release). |

How to create CRs using this form:
Comprehensive information and tips about how to create CRs can be found at http://www.3gpp.org/specs/CR.htm. Below is a brief summary:

1) Fill out the above form. The symbols above marked ⌘ contain pop-up help information about the field that they are closest to.

2) Obtain the latest version for the release of the specification to which the change is proposed. Use the MS Word "revision marks" feature (also known as "track changes") when making the changes. All 3GPP specifications can be downloaded from the 3GPP server under ftp://ftp.3gpp.org/specs/ For the latest version, look for the directory name with the latest date e.g. 2001-03 contains the specifications resulting from the March 2001 TSG meetings.

3) With "track changes" disabled, paste the entire CR form (use CTRL-A to select it) into the specification just in front of the clause containing the first piece of changed text. Delete those parts of the specification which are not relevant to the change request.

9.2.2.27   Requested Data Value Information

The *Requested Data Value Information* IE provides information on whether or not the Requested Data Value is available in the message and also the Requested Data Value itself if available. ~~In case of "Periodic" reporting, "Information Not Available" shall be used when at least one part of the requested information was not available at the moment of initiating the Information Reporting procedure.~~

In case of "Periodic" and "On Modification" reporting, "Information Not Available" shall be used when at least one part of the requested information was not available at the moment of initiating the Information Reporting procedure.
