1. Overall Description:

As part of their project planning for Release 6, and following a request from the MCC Technical Coordinator, SA 2 have reviewed the parts of the 3GPP work plan relating to SA 2 tasks.

With regard to the work on Distributed Speech Recognition, SA 2 observe that the stage 1 has been approved and codec selection (in SA 4) has started, but, that there is no activity on the stage 2 architecture within SA 2. SA 2 also note that CN 1 work on SDP parameters is planned to be complete before the stage 2 work will even have started.

SA 2 note that this seems to be an unusual way to develop this feature, and, note that the lack of a stage 2 description within 3GPP might make it difficult to include DSR as part of 3GPP's release 6 standard.

2. Actions:

To TSG SA, SA 4, SA 1, CN 1.

ACTION: TSG SA2 kindly invite those companies working on this feature within 3GPP to consider starting the stage 2 work within SA2.

3. Dates of Next TSG-SA2 Meetings:

TSG-SA2 Meeting #32 12 – 16 May 2003 San Diego, USA

TSG-SA2 Meeting #33 7 – 11 July 2003 Sophia Antipolis, France
