1. Overall Description:

T2 was actioned by the SA#23 Phoenix minutes to check certain aspects of TS 23.234

Extract from SA#23 minutes Phoenix

TS 23.234 on "3GPP WLAN interworking" was approved (SP-040049). T2 were invited to study the SMS part to check compatibility with the SMS architecture and SMS delivery and to provide comments to SA2. Additionally, it was suggested to ask T2 to verify if there is sufficient information on how MMS delivery is handled.

T2 has studied TS 23.234 (SP-040049) and concludes as follows.

With regard to the SMS parts, T2 feel that the content is satisfactory.

With regard to MMS, T2 has found no specific mention of MMS or MMS Delivery and therefore cannot comment on whether there is sufficient information or not.
