**1. Discussion**

TISPAN has requested CN and SA feedback on the need and timing of a second workshop on 'IMS over Fixed Access'. CN has discussed this and concluded the following:

1. CN supports the need for a second workshop.
2. CN would like to remind TISPAN that as a workshop, such a meeting is not binding on the parent bodies and although participation of CN1 and SA2 experts is requested, companies will send experts as they see appropriate.
3. CN would like to ensure that the invitation is open to participants from other SDOs and is not restricted to TISPAN and 3GPP.
4. CN supports the TISPAN preferred dates of March 30-31, 2005.

**2. Actions:**

**To TSG-SA**

**ACTION:** CN requests that SA consider the above points and provides a consolidated response to TISPAN.

**3. Dates of Next TSG-CN Meetings:**
