

Agenda Item: 6. Election of Chairman and Vice Chairman for TSG-SA WG2

Source: Nippon Telegraph and Telephone Corporation (NTT)

Title: Candidate for Chairman of TSG-SA WG2

Document for: Information

Candidate Name: Yukio Hiramatsu

Individual Member: Nippon Telegraph and Telephone Corporation (NTT) , Japan

Partner Organization: TTC, Japan

Name of the WG: The Architecture WG (WG2) of the Service and System Aspects TSG (TSG-SA)

Position: Chairman
(He would wish to be considered for the position of Vice Chairman in case he is unsuccessful for the position of Chairman)

Curriculum Vitae - Yukio Hiramatsu

Senior Manager of NTT Service Integration Laboratories. He is currently responsible for planning and promotion of the next generation multimedia network called GMN (Global Mega-media Network) of NTT. Since joining Electrical Communications Laboratories of NTT in 1978, he has been engaged in signalling systems and software development for data communications including ISDN packet, frame relay and ATM. Since 1985, he has been an active participant to ITU-T Study Group 7 (Data communications and OSI). He is currently Vice Chairman of Study Group 7 and Chairman of Working Party 2/7 dealing with network interfaces. In April 1998 he also became involved in standardization of IMT-2000 packet mode at TTC Japan, where he is now serving as Chairman of Working Group 3 (packet aspect) of Technical Committee 6 (Mobile communications).

Mr. Hiramatsu was born in Tokyo in 1953 and received his B. E., and M. E. degrees from Yokohama National University in 1976 and 1978, respectively. He is a member of the IEEE, the Institute of Electronics, Information and Communication Engineers of Japan, and Information Processing Society of Japan.

Attachment – Support letter from NTT

January 25, 1999

Mr. Fred Harrison
Convenor
Service and System Aspects TSG

Dear Mr. Harrison,

This is the official letter to express NTT's support to Mr. Yukio Hiramatsu who is a candidate for the Architecture Working Group Chairman in the Service and System Aspects Technical Specification Group.

Mr. Hiramatsu is serving as a Vice-Chairman of ITU-T SG7, and an able expert of international standardization. NTT is sure that he will contribute to the work in Service and System Aspects TSG.

Best Regards,

Hajime Yamada, PhD
Executive Manager
Standardization Strategy
