Title: Draft agenda for joint S1/S3/T2/T3 meeting about security implications of UE functional split 3rd July 2001

1　　Opening of the meeting (09:00)

2　　Roll call of delegates

3　　Agreement of meeting objectives and agenda

This is a joint meeting that SA3 has arranged with SA1, T2 and T3 to review the security implications of splitting UE functionality.

4　　Assignment of input documents

5　　Presentation on UE functionality split architecture (T2/SA1)

The output of the SA1/T2 UE functionality split meeting in Dallas this week could be used as the basis for the presentation.

6　　Implications of proposals on 3G security architecture (SA3)

Includes review of recent SA3 LS to SA1, T2 and T3 (S3-01289).

7　　Identification of security concerns (SA3)

Conduct a brief analysis of the security implications of different functional splits.

8　　Outline of solutions (SA3/SA1/T2/T3)

(a) solutions which are in-line with current 3G security architecture (short/medium term)

(b) solutions which imply significant changes to the 3G security architecture (longer term)

This agenda item should also include a debate on (a) versus (b).

9　　AOB

10　Closing of meeting (estimated 16:00)
