3GPP SA3 LI would like to thank you for forwarding the liaison statement on MM7 working assumptions (T2M010177) to S3 LI.

We would like to ask you to communicate to 3GPP TSG-T WG2-SWG3 and to 3GPP SA2 our view on the matter.

S3 LI has not defined yet a lawful interception solution for multimedia services, neither for Rel-5, nor for Rel-6 networks.

We will consider the matters pointed out by initial LS when we address the issue in near future.
