1. Overall Description:

SA2 thanks SA5 for its LS S5-020045 (S5B020041) on Push Services Stage 1 service requirements.

In the light of SA1 work progress on TS 22.174, which is now for release 6, SA2 is willing to provide architecture model in support of charging in Push Services for Rel-6 networks when sufficient stage 2 work is done.

2. Actions:
