1. Overall Description:

SA3 have reviewed the draft WID for the UEM Building Block from SA5 and have not identified any problems with it. Based on this draft Building Block, SA3 have produced a WID to cover the corresponding Work Task on security aspects (see attached). Providing that the UEM Building Block is approved at SA5#30, it is intended to present the Work Task on UEM security aspects to SA#17 for approval.

2. Actions:

None.

3. Date of Next SA3 Meeting:

SA3#25	8 - 11 Oct 02	Munich	Germany
