**1. Overall Description:**

This LS is sent to SA3 for ACTION.

SA2 would like to thank SA3 for their LS on GUP security status in SA3 and on collaboration of 3GPP and Liberty Alliance Project, and for the progress in GUP security related work.

From stage 2 point of view SA2 agree with SA3's view that an SA3 deliverable is not seen as necessary, and SA2 agree making the necessary changes in GUP stage 2 TS 23.240. Concerning the draft CR against TS 23.240, Annex B attached in the LS from SA3, SA2 would like to wait for the completion of open issues in SA3, and are asking SA3 to inform about that and if any changes in the current proposal would be necessary. Then SA2 will invite a company contribution for a formal CR against TS 23.240.

**2. Actions:**

**To SA3:**

SA2 kindly ask SA3 to inform about the completion of the open GUP security related issues and about any changes needed in their current proposal on GUP stage 2 TS 23.240 changes.
