**To:** N1, RAN3

**CC:** N2B, RAN2

**Agenda Item:** LS out (OoBTC)

**Title:** **Draft Reply to N1 on ACS and ICM**  
(Active Codec Set and Initial Codec Mode for the Adaptive Multi Rate speech codec)

Contact Person: Karl.Hellwig@Eed.Ericsson.Se

---

S4 thanks N1 for the clear description of the problems regarding ACS and ICM for the AMR.  
S4 agrees with the proposed way forward.

In the view of S4 the ICM is not needed. It has already be removed from the TFO Protocol.
