**1. Introduction:**

Although stages 1 and 2 for 3GPP Multi-Media Messaging Release 5 have been completed by 3GPP, stage 3 is still incomplete. The Stage 3 specification for 3GPP Multi-Media Messaging Release 5 was the responsibility of the WAP forum.

It is 3GPP TSG T's understanding that the work of the WAP forum has now been transferred to OMA. 3GPP TSG T wishes to understand whether the transfer of the WAP forums work into OMA will affect the time-scale for the completion of Stage 3 for 3GPP Multi-Media Messaging Release 5

**2. Actions:**

To OMA:

3GPP TSG T kindly requests OMA to comment on the above.
