**1. Overall Description:**

This LS is to inform SA2, in their role as the GUP Coordinating WG within 3GPP, and CN4, that at this meeting T2 made the decision to close its SWG2 and SWG3 as part of a re-structuring of T2.

T2 has also made the decision that it would like to transfer the responsibility for the two GUP TS's currently under its mandate, TS23.241, Generic User Profiles Stage 2, Data Description Method, (current version 6.0.0) and TS24.241, Generic User Profiles Common Objects Stage 3 (current version 0.5.1) to another WG, and this transfer process should be started immediately.

At the Joint Meeting between T2SWG2 and CN4 this week, the topic of this LS, and a T2 desire for a possible transfer to CN4, was also discussed with CN4.

**2. Actions:**

**To SA2, CN4 group.**

**ACTION:** T2 requests SA2 and CN4 to kindly consider which would be the best WG to assume responsibility for the T2 GUP work and the above-mentioned TS's. A response before the June TSG-T, CN Meetings (June 2-4, 2004) is requested.
