Subject: Nomination and Support for TSG GERAN WG3 Chairmanship.

June 26th 2009,

Dear Susanna and Ingbert,

On behalf of Sierra-Wireless, an ETSI member, I am pleased to announce that Rémi LASCOUX (Wavecom S.A. employee, now Sierra Wireless) will stand as candidate for the position of 3GPP TSG GERAN WG3 Chairman.

Rémi graduated from the National Engineering School of Bordeaux (ENSIERB) and the Ecole Polytechnique de Montréal in 2000 before joining Alcatel as GPRS Deployment Responsible in Qatar, Middle-East. Rémi then joined Wavecom in 2002 where he has been involved in different Test, Certification and Standardization tasks over the past 7 years, such as GCF CAG or PTCRB, and has been an active contributor in GERAN WG3 since 2003.

If elected, Rémi will get from Sierra Wireless all the necessary support to undertake this position in an effective, fair and productive manner.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Pierre Teyssier", enclosed within a large, hand-drawn oval.

Pierre Teyssier
Senior Vice President, Engineering
