Subject: Nomination and support for 3GPP RAN Chairman Candidate

Dear Susanna and Joern,

As an indication of continued commitment to 3GPP and TSG RAN, China Mobile Communications Corporation (CMCC) is pleased to nominate Mr. Hai Tang as candidate for the 3GPP TSG RAN Chairman position, representing CMCC as a member of CCSA.

Mr. Hai Tang started his career in mobile communications in the year 2000. He began attending 3GPP TSG RAN WG1 and RAN Plenary meetings since the beginning of 2005. At the beginning of 2008, he joined China Mobile Communications Corporation and served the role as the main delegate and coordinator in TSG RAN. He was elected as RAN Vice Chairman in March 2009 and re-elected in March 2011.

During the eight years of standardization work, Mr. Tang has participated in major activities of the standardization of LTE and has made contributions on various aspects of a harmonized and competitive LTE system. He has also gained substantial experience and technical expertise in the area of radio access network. As a two-term vice Chairman and long-time RAN plenary delegate, Mr. Tang has thorough understanding and has made unique contributions to the work organization and project management in TSG RAN. Mr. Tang has also shown strong leadership as the rapporteur for the first RAN-level Study Item ever and in the consensus building processes for a variety of contentious issues.

CMCC is fully committed to recommend Mr. Hai Tang as a candidate for TSG RAN Chairman position, and will support him in all necessary aspects for him to perform the duties of the RAN Chairman.

Best regards,

Yuhong Huang
