Subject: Nomination of candidate for the 3GPP TSG RAN WG1 Vice Chairman

Dear Ms. Kooistra and Mr. Merias,

Intel is pleased to announce the nomination of Mr. Seunghee Han as a candidate for the vice chairman position of 3GPP TSG RAN WG1 at RAN1#74 in August 2013. Seunghee is representing Intel a member of ATIS.

Seunghee has regularly attended the RAN WG1 meetings and contributed enthusiastically to defining the 3GPP specifications on various topics since January 2006. He joined Intel Corporation in May 2012. He is now a lead delegate representing Intel Corporation in RAN WG1 and is leading various topics in the group.

Seunghee is a strong vice chairman candidate with profound technical and leadership skills for RAN WG1. Seunghee has dedicated himself to developing physical layer solutions from Rel-8 to Rel-12 in RAN WG1 by making substantial contributions to topics such as cell search, PRACH preamble, DL/UL reference signal, PUCCH design, OTDOA positioning, carrier aggregation, EPDCCH, new carrier type, small cell enhancement, etc.

Intel is fully committed to provide the necessary support and resources to ensure that Seunghee can successfully carry out his responsibility as a vice chairman of 3GPP RAN WG1.

A handwritten signature in black ink that reads "Asha Keddy". The signature is written in a cursive, flowing style.
