Subject: Nomination of candidate for the 3GPP TSG RAN WG3 Chairman

Dear Mr. Thomasen and Ms. Kooistra:

I'm pleased to inform you that Qualcomm, through its ATIS 3GPP affiliation, is nominating Dino Flore as a candidate for the RAN WG3 Chairman role in the upcoming RAN WG3 chairmanship election. If Dino is elected, Qualcomm will fully support him in his chairmanship role.

Dino has been with Qualcomm since 2003 and has contributed to the design, development and specification of UMTS systems since 2005 through active participation in RAN WG3 and, more recently, TSG-RAN.

In proposing Dino for the position of RAN WG3 Chairman, Qualcomm remains fully committed to continue to strengthen and expand the foundation for success and growth in mobile broadband services delivered through the rapidly evolving HSPA and LTE radio networks.

I believe that Dino's recognized leadership, ability to seek consensus, and strong technical background make him ideally suited for the role of RAN WG3 Chairman.

Best Regards,
