Recommendation for a Chairman of 3GPP TSG-RAN WG4
(Individual member: Fujitsu Limited, Partner organization: ARIB, Japan)
Re: Nakamura, Takaharu

Dear Mesdames,

This is hereby to confirm that I recommend the above named person for the position of Chairman of 3GPP TSG-RAN WG4.

As you may find in the separately attached Curriculum Vitae of the said person, Mr Nakamura has a long experience of more than ten years in research and development of various mobile radio communications systems including PDC (Personal Digital Cellular) System in Japan followed by investigation and standardization activities of W-CDMA System for IMT-2000 in ARIB as well as in 3GPP RAN. He has contributed 3GPP RAN WG4 as an official of the meeting since March 2001. He is very familiar with all aspects of requirement, measurement and testing procedures relating to radio technologies.

I should therefore be grateful if you would give serious consideration to Mr Nakamura's candidacy for the Chair of the above Working Group, for which I believe him to be very well qualified.

Yours faithfully,

OHTANI, NOBUO

President, Mobile Phones Business Unit, FUJITSU LIMITED
