3GPP TSG-SA WG2 Membership**

From: Pertti Lukander, Head of Industry Environment, Nokia Siemens Networks

Re: Nomination for 3GPP TSG-SA WG2 Chairman position

Dear Susanna, Maurice, SA2 Members,

Nokia Siemens Networks is pleased to nominate Mr. Balazs Bertenyi for a second term for the position of Chairman of 3GPP TSG-SA Working Group 2.

We believe Balazs will be able to successfully continue leading the group, facilitate SA2's co-operative and efficient working practices.

Over the last 2 years as chairman Balazs has led the group through the challenging times of SAE specification work coping with unprecedented SA2 workload.

Before becoming chairman, Balazs was an active participant in several key areas within SA2 since 2001, and chaired different drafting activities in the group.

In 1998 Balazs graduated from the Technical University of Budapest as an M.Sc (Telecommunications Engineering and Computer Science). He joined Nokia the same year, and has worked in several different research and development projects across the 3G core, GPRS, and IMS core network areas within the company. During this time he has shown proven technical, personal, and leadership skills.

Nokia Siemens Networks is committed to the 3GPP standards process and to maintain the efficient progress of the SA2 Working Group, in particular.

If elected, Nokia Siemens Networks shall provide all the necessary support for Balazs in the Chairman position to pursue his 3GPP TSG SA WG 2 activities successfully.

Best Regards,

Pertti Lukander
Head of Industry Environment,
Nokia Siemens Networks
