Re: Nomination for 3GPP Technical Specification Group (TSG) SA WG3 Vice Chairman

On behalf of T-Mobile USA Inc. (ATIS), please accept the nomination of Mr. Mike Parsel P.E. for the leadership position of Vice Chairman of the 3GPP TSG SA WG3 representing ATIS. Mr. Parsel has over 26 years' experience in the Telecommunications field and 13 years' in standardization development. Mike has served in leadership positions of GSMA, GSMA/NA, OMA, and CDG as well as numerous other industry fora in past years. Additionally, Mike is an active participant in GSMA Network Equipment Security Assurance Scheme (NESAS), GSMA Coordinated Vulnerability Disclosure (CVD) program as a member of the Panel of Experts (PoE), and the Global Platform Trusted Execution Environment (TEE) work group.

Mr. Parsel is a Principal Engineer in Advanced and Emerging Technologies at T-Mobile USA (TMUS) and has represented TMUS in 3GPP TSG SA WG3 since 2022. He also serves as a board member of the GSMA NESAS Oversight Board. Finally, Mike has previously served as the Vice-chair of the Open Mobile Alliance (OMA) Messaging Working Group (CPM) and served as Chair of the GSMA Visual Voice Mail Operator Interest Group, Chair of the CDMA Development Group (CDG) Multimedia Messaging Team (MMS), and as the Chair of the Joint CDG/GSMNA MMS Interoperability Team.

T-Mobile USA believes that Mr. Parsel's experience and leadership in standardization efforts give him the necessary tools to effectively carry out the duties of this leadership position in the 3GPP. In addition, Mike will be trained to comply with all applicable antitrust/competition laws and regulations while acting in his capacity as TSG SA WG3 Vice Chairman. If elected to Vice Chairman of TSG SA WG3, T-Mobile US will provide the necessary resources and support for Mr. Parsel to accomplish the duties and responsibilities of that office.

With best regards,

Director, Standards and Technology Policy

### **Mike Parsel – Brief CV**

Mike Parsel is a professional engineer and has worked in the wireless telecom industry for 26 years, the last 11 years in mobile standards. Prior to his current position as Principal Engineer with T-Mobile USA, Mike has had a broad range of experience including device security, security architecture, core strategic planning, strategic product and service development, product planning and development, and a research and development. Over the years Mike has actively participated in many security development organizations and has chaired groups in GSMA, GSMA/NA, OMA, and CDG as well as led other industry fora. Currently, he is a board member on the GSMA NESAS Oversight Board for the benefit of NESAS and SDO SCAS development.
