Title: 3GPP/3GPP2 Harmonisation Workshop Guideline

Agenda item: 4

Document for:

Decision	
Discussion	X
Information	

1 Issues

The current arrangement for RAN and IP CN Harmonization Workshops between 3GPP and 3GPP2 is summarized in the table below.

- Do we agree with this, other than highlighted portion, as our Workshop Working Assumption?
- Then do we recognise this as our guideline for our future potential Workshops also?

Current Arrangement for the 3GPP2/3GPP Harmonization Workshop

	RAN Harmonization Workshop	IP CN Harmonization Workshop
1) Initiated	ITU	OHG
2) Host	3GPP/3GPP2	OHG & MWIF
3) Chair	3GPP/3GPP2 Co-Chair	3GPP/3GPP2 Co-Chair
4) Participation	3GPP/3GPP2 Members	OHG Invitation to 3GPP/3GPP2 and Others(?)
5) Meeting Rules	None (Chair's Discretion)	None (Chair's Discretion)
6) Meeting Purpose	Exchange of Standardization Result and Vision/Direction/Issues of Standardization for possible Future Harmonization	Exchange of Standardization Result and Vision/Direction/Issues of Standardization for possible Future Harmonization
7) Meeting Output	Guideline for 3GPP/3GPP2, not to bind 3GPP/3GPP2	Guideline for 3GPP/3GPP2, not to bind 3GPP/3GPP2
8) Selection of Co-Chair	TSG-RAN	TSG-SA
9) Reporting to	TSG-RAN	TSG-SA
10) Workshop Approval	PCG	PCG

2 Recommendation

The 3GPP WPD (Working Procedure Document) has Section J for “External Relations” for ITU and External Organizations in general, but no specifics are mentioned about 3GPP2 and emerging joint Harmonization Workshop, which is critical for future success of 3GPP. If above working assumption is agreed to be our guideline for the Charter and Process of our joint 3GPP/3GPP2 Harmonization Workshops, TTC recommends that the “basic concept” of the guideline is to be incorporated into the 3GPP WPD or at least the guideline is to be agreed in the meeting minutes.
