Title: LS on IPDLs for TDD

Contact: Mark Beckmann
Siemens AG
mailto: Mark.Beckmann@de.bosch.com

During the RAN WG2 meeting #17 in Sophia Antipolis, France, it was proposed to introduce an IPDL like enhancement to the OTDOA method for TDD (see attached tdoc R2-002418).

RAN WG2 kindly asks RAN WG1 to study the feasibility of the proposed IPDL mechanism and evaluate the performance improvement achieved by applying IPDL.
