Title: **Nomination for candidate to 3GPP RAN WG2 Vice Chairman**

Document for:

Mr. Denis Fauconnier, 3GPP TSG-RAN WG2 Convenor
Cc: Mr. Yukitsuna Furuya, 3GPP TSG-RAN Chairman
Cc: Members of 3GPP RAN WG2 and Secretariat

Ref. Call for nominations for 3GPP RAN WG2 Vice Chairman, Feb 26, 1999

As an indication of commitment to 3GPP Nokia nominates Mr. Mikko Rinne as candidate Vice Chairman for TSG-RAN WG2.

Please find below a brief biography:

Mr. Rinne was born in 1970 in Helsinki, Finland.

He received his M.Sc. degree in 1996 from Helsinki University of Technology, Finland.

He joined the Nokia Research Center in 1995, where he was involved with W-CDMA system studies. In May 1997, he joined the ACTS FRAMES project RN2 workpackage responsible for layer 2 radio protocols, being the editor of "Radio Protocol Definition, Issue 1".

Mr. Rinne has been involved in the standardisation work for 3G radio interface protocols in the ETSI SMG2 UMTS L23 Expert Group with active participation in all meetings and being the rapporteur for the YY.03 description document. He has closely followed the work of ARIB and TTC, especially ST7 (MAC) and TTC / ARIB LAC ad-hoc, contributing and also participating in some meetings.

Currently he is working at the Radio Communications laboratory at Nokia Research Center as a Research Engineer.

Best regards,

Kari Lang
