Subject: Urgent forwarding of meeting invitation (11-12/6)
Importance: High

Dear Friedhelm / Michael,
Can you please - urgently - forward the mail below to the following lists:
'3GPP_TSG_SA_WG1@LIST.ETSI.FR'; '3GPP_TSG_SA_WG2@LIST.ETSI.FR';
'3GPP_TSG_SA_WG3@LIST.ETSI.FR'; '3GPP_TSG_T_WG2@LIST.ETSI.FR'

(T2 probably have got it).

BR /Gunilla

Dear all,

Please be advised that Ericsson has offered to host the adhoc meeting on User Profiles that was suggested by SA1 (tdoc S1 (01) 591):

SA1 see a need to co-ordinate the definition of the User Profile within 3GPP.

SA1 would therefore suggest to start a cross WG ad-hoc to solve the problems of defining User Profile.

In order to be productive, SA1 suggests that interested companies co-ordinate internally and send their experts within the User Profile area to keep the attendance to a fairly low number.

SA1 will take the responsibility of this ad-hoc group.

SA1 suggests that a first meeting will take place in June.

The meeting will be held Monday the 11th (noon) to Tuesday the 12th (whole day) of June in Stockholm.

The meeting will be chaired by Kevin Holley.

A detailed invitation and a draft agenda will be sent out as soon as possible.

We anticipate that a second adhoc in late August will be necessary, at which meeting delegates that are unable to attend in June would hopefully be able to join.

Welcome!

Gunilla Bratt
