1. Overall description

SA 1 would like to thank SA3 for their LS (S3-030806, S1-040072) requesting an advice of SA1 regarding "Joining Available Time."

In the LS sent from SA3, the following question was asked to SA1:

SA1 is kindly asked to advice on their expectations on the range of values for this Joining Availability Time to meet customer expectations for the service.

From SA1 perspective **a user should be able to join an MBMS user service as soon as possible after announcement of the service therefore SA1 do not see the need for the concept of "Joining Availability Time"**.

2. ACTION: none
