Subject: Call for TTCN Experts for MCC task 160 on 3GPP UE ATS

Note: this letter may be of particular interest for your technical experts on 3GPP UE conformance test in TTCN

Dear Madam,
Dear Sir,

We are recruiting a TTCN expert for MCC task 160 to join the team in January 2004.

Nearly 800 test cases have been developed by MCC task 160 in TTCN for the R99 UE conformance and interoperability. Of these, more than 100 test cases, defined by the GCF as high priority, have been verified and approved by 3GPP TSG T WG1.

The TTCN expert to be recruited for replacement:

The expert will be responsible for the integration and maintenance of the 3GPP Abstract Test Suite on a daily basis. The expert will be expected to have a good knowledge of the existing 3GPP ATS and of modular TTCN.

The selected expert will work for a period of one year, starting in January 2004 and will be based at the ETSI Headquarters in Sophia Antipolis where the Secretariat provides leadership, technical support and coordination.

Considering the above information, we kindly ask that you propose candidatures to the ETSI Secretariat before **11 January 2004**. The candidatures must include the Curriculum Vitae of the candidates in English, together with the completed questionnaire in Annex B1 (and B2 if applicable).

Candidatures should be sent to Mrs. Christine Voulgre at the following e-mail address: christine.voulgre@etsi.org. A short list of candidates will be set up in agreement with 3GPP TSGT WG1 **leadership**. These candidates will be invited to attend a half-day Preparatory Meeting provisionally scheduled for **13 January 2004** to allow the selection process to take place.

Yours faithfully,

K.H. Rosenbrock
Director-General
