1. Overall Description:

TSG-T2 presented the attached WID to TSG-T#22

TSG-T wishes to support this WID but felt that its approval is a matter for SA1

Some TSG-T delegates expressed the following concerns

- The interaction of the VPN work in this WID with VPN work taking place in other 3GPP TSG's including security matters.

- The possibility that SA2 and SA3 may also need to be consulted

 TSG-T noted the need expressed in the WID to complete the work in the REL-6 timeframe. Currently this is June 2004. In order to meet this target date, TSG-T2 has planned to start work in January 2004 well in advance of their Plenary meeting (TSG-T2#24 16th – 20th February 2004).

TSG-T is aware that SA1 would normally be consulted if appropriate in the first instance but wishes to take the opportunity of the TSG-SA#22 meeting to minimise delay which could arise through SA, SA1 meeting schedules

2. Actions:

ACTION: TSG-SA requests that SA reviews this WID with a view to expediting its approval through SA1 if necessary in order to allow TSG-T2 to commence its work in January

3. Date of Next 3GPP TSG-T Meetings:

TSG-T Meeting #23   10-12 March 2004   Phoenix, Arizona, USA.
