### **1. Introduction**

At present, there is obvious tendency that individual members of 3GPP from Japan may decline to attend at relevant 3GPP WG meetings to be held in United States due to warfare which has just commenced against terrorism, which causes difficulties to Japanese delegates due to travel policy of their companies in being present at meetings held in United States, for instance, at RAN WG1, WG2 and WG3 meetings to be held in New York.

### **2. Discussion**

ARIB requests 3GPP to take the situation into account and hopes that 3GPP would take the following exceptional treatment in reaching agreement and conclusion in the pertinent WG meetings to be held in October in New York.

### **3. Request**

ARIB requests that TSG will not make any substantial decisions in the meetings which will be held in USA in as much as possible. ARIB requests that TSG will make such important decisions in the next meetings or after at least one week which allows Japanese delegates to consider the discussion through Email reflector.
