Summary:

This document elaborates the request by Organizational Partner T1 to include TSG program activity on EDGE/GPRS program elements, by developing a proposed Terms of Reference for the group.

The attached ToR for this 3GPP Ad Hoc Group is proposed for approval by the PCG.

Terms of Reference

3GPP Ad Hoc Group on Movement of Work Into 3GPP

1 Objective for the Ad Hoc Group on Movement of Work into 3GPP

To assess the impacts and appropriate program structure to support the transfer of appropriate ETSI/SMG and T1 programs related to capabilities into a 3GPP.

2 Key Study Assumptions

- A. Any proposed new 3GPP work items will have no negative impact on current Release 99/00 schedules, resources and funding.
- B. Only those parties within 3GPP interested in contributing to 3GPP developments in this subject area will be required to resource and fund this specific activity.

3 Study Methodology

- 1) Collect inputs regarding what work items could be moved from ETSI/SMG and T1 into a 3GPP TSG program structure, incremental to current 3GPP programs.
- 2) Identify the potential impacts for each of the proposed work transfer items above on current 3GPP programs including:
 - technical
 - financial and support services
 - organizational impacts on TSGs
 - schedule impacts on Release 99/0
 - 3GPP scope
- 3) Identify potential program schedules and timelines for proposed transfer work items.
- 4) Identify 3GPP TSG structural options to support the appropriate transfer work items.

4 Final Study Outcome

* Study and report completed April 1

* Recommendation to 3GPP OP
