

Three lit candles of varying heights are shown against a black background. The tallest candle is on the left, the medium one is in the center, and the shortest is in the foreground. All three are lit, with their flames glowing yellow and orange. The text 'In Memory of Weihua Qiao' is overlaid on the right side of the image.

In Memory of

Weihua Qiao

Qiao Weihua
乔伟华
1971.6 – 2023.1

It is with great sadness that we mourn the sudden passing of *Qiao Weihua*, our former 3GPP CT3 Chairman, colleague and good friend.

Weihua joined CT3 as an active member back in 2007 and had more than 10 years of experience in 3GPP standardization. He was elected as vice Chair 2009-2013 and served as CT3 Chairman for 4 years between 2013 - 2017.

Weihua lived in China until 2017 and later moved to US and working there until recently. He was very knowledgeable, efficient and more importantly highly respected 3GPP member known for his kindness and being respectful to everybody. *Weihua* was always known for being helpful, kind and respectful to people around him without any expectations in return. It has been a great honor to know and work with him in 3GPP community.

Rest in peace dear *Weihua*, you will always be remembered and will miss you!
