Agenda Item:

Source: **Ad Hoc 12**

Title: **Report of the Ad Hoc 12 meeting**

Document for: **Desision**

_____

1.   Introduction

This document summarises conclusions in Physical Ad Hoc 12 meeting on day four morning.

2.   Discussed Items

2.1.   Scrambling code grouping scheme

  R1-99811 (Nokia)
  R1-99c26 (Motorola)
  R1-99b21 (Ericsson)
Conclusions
  Scrambling code group of 64 was accepted. Text poposal (R1-99b21) was approved in AH12.

2.2.   SCH mapping

This discussion was not proceeded in the physical meeting because no participant can explain current position of T1P1 members on this issue. AH12 will ask current position of T1P1 members in the plenary meeting.

2.3.   ECPM (R1-99659)

  R1-99875 (Shinsegi)
Conclusions
  Shinsegi explained that ECPM will be proposed toward release 2000, not release 99. AH12 accepted it.

2.4.   Requirement for cell search using compressed mode

AH12 chairman ask AH12 members (TI and Mitsubishi, especially) to study performance of cell search using compressed mode for IFHO, which was accepted in AH8.

3.   Conclusions

AH12 will be closed if SCH mapping issues is concluded in this WG1 meeting.
