TSG RAN WG1 has made minor changes to the TR on DSCH power control improvement in soft handover. RAN WG1 kindly asks RAN WG2 and RAN WG3 to clarify whether they intend to create TRs of their own on this topic in order to see what needs to be retained in RAN WG1 TR for the next version for TSG RAN submission.

The RAN WG1 TR25.841 (Tdoc R1-00-1307) is attached for information.
