## **Liaison Statement**

**To:** RAN-WG3  
**Source:** SA-WG5  
**Title:** re: I3.05 – Node B O&M Functional Description

---

SA5 thanks RAN3 for their liaison statement in tdoc R3-99803. The LS requested that SA5 review and comment on I3.05 v0.2.1

Since there has been insufficient time for SA5 delegates to study the specification, it is not yet possible to provide RAN3 with an SA5 position on the document.

SA5 delegates have been requested to study the document before the next SA5 meeting (31th August - 3<sup>rd</sup> September). In addition, they have been encouraged to provide input directly to RAN3 in order to allow some feedback by the August RAN3 meeting.
