TSG-RAN Working Group 2 meeting #3   **TSGR2#3(99)231**

13 – 16 April 1999

Yokohama, Japan

TSG-RAN Working Group 3 meeting #2   **TSGW3#2(99)225**

March 15th – 19th, 1999

Kista (Stockholm), Sweden

Source: **TSG RAN WG3**

To: **TSG RAN WG2**

Title: **LS on Abbreviation for Common Channel**

TSG RAN WG3 has so far used the term *Common Channels* and the abbreviation *CCH* when referring to the common transport channel types that may be applicable for transfer via the Iur interface (RACH, FACH and DSCH). With the understanding that *CCH*, according to [1], instead refers to the logical channel classification *Control Channel*, TSG RAN WG3 asks TSG RAN WG2 for advice on appropriate concept and abbreviation to use.
