1. Overall Description:

TSG-SA WG2 thanks SA1 for their LS in S1-010591 regarding User Profiles.

SA2 agrees that a co-ordinated definition of the User Profile within 3GPP would be beneficial to prevent potential overlap and inconsistency.

SA2 supports the recommendation for a cross WG adhoc to develop the co-ordinated definition of the 3GPP User Profile. For this adhoc to be effective, SA2 recommends that delegates from both CN4 and T3 also be invited.

SA2 does not consider June to be feasible for the first meeting of this adhoc. An appropriate date for this adhoc needs to be determined among the various working groups that will be participating.

2. Actions:

To TSG SA1, TSG SA2, TSG SA3, TSG T2, TSG T3, TSG CN4,

ACTION: Determine a mutually agreeable dates for the cross WG adhoc on User Profiles.
