

**Source:** Meeting host  
**Title:** Churchboat rowing competition  
**Document for:** Information  
**Agenda Item:** evening session

The summer has shown all the pros and cons during these few days in Hämeenlinna. It has been raining, like normally in Finnish summer, but also some sunshine has been there.

Tonight the forecast has promised “no rain” thus Nokia has decided to organise an additional meeting program. There will be a Church Boat rowing competition for meeting participants.

What is a **Churchboat**: In the old times when there were no cars and roads people used these boats to go from their villages to the church on Sundays. The traditional wooden churchboat has 7 pairs of oars (14 person) plus a coxswain (“navigation officer”) sitting at the aft of the boat.

We have 3 churchboats waiting near the lake in the front of hotel.

There will be 3 teams made out of meeting participants: operators boat, vendors boat and combined chairmen and MCC boat.

There will English speaking coxswains in each boat to explain what to do and how to row.

No specific sports cloths needed, normal casual is OK.

<b>Operators boat</b>	<b>Manufacturers</b>	<b>Special</b>
<b>Roger Wireless</b>	<b>Lucent</b>	Niels Andersen, SA chair
George Babut	Liz Daniel	David Barnes, DTI
<b>DoCoMo</b>	<b>Ericsson</b>	Francois Courau, RAN chair
