- 7 Review of output documents**
 - 7.1 For S3 plenary, 16-19 October**
- 8 AoB**
- 9 Closing of the meeting (17:00)**

Meeting objectives:

- The primary objective is to make progress on integrity protection for SIP signalling. Currently IPSec and SIP-level protection is under consideration. The goal is to agree on working assumptions and provide with guidelines for future work.
- A secondary objective is also to understand the current situation in IETF and identify issues that are related to IMS and that may affect future work.
