

Sophia-Antipolis, 12 May 2004

**Invitation to the 3GPP and TISPAN joint Workshop to be held  
on 22 - 23 June 2004 in Mediathel in Sophia Antipolis**

Link to registration & meeting documents handling

<http://webapp.etsi.org/MeetingCalendar/MeetingDetails.asp?mid=24161>

Dear Colleague,

On behalf of Magnus Olsson [[mailto: magnus.m.olsson@ericsson.com](mailto:magnus.m.olsson@ericsson.com)], Chairman of 3GPP SA2 representing 3GPP SA and 3GPP CN and Alain Le Roux [<mailto:alainxavier.leroux@francetelecom.com>] , Chairman of TISPAN, ETSI has the pleasure to inform you of the arrangements for the above mentioned meeting.

The main objectives of the Workshop are to identify potential common elements between 3GPP and ETSI TISPAN\_NGN activities, to review high level requirements to accommodate xDSL Access to IMS service capabilities and to discuss potential relationships and possible collaboration arrangements.

The Workshop is open to ETSI Members and to any other SDO interested Member. Besides presentations from TISPAN and from 3GPP, input contributions or presentations from Member organizations are also welcome.

A preliminary Agenda is attached to help identifying the scope of the Workshop and the contribution topics. It will be adjusted according to the contributed inputs.

<b>ADDRESS OF THE MEETING</b>	<b>MEDIATHEL</b> Route des Cretes 06560 Sophia Antipolis France – Tel. + 33 4 92 94 68 00 <a href="http://www.mediathel.com">www.mediathel.com</a>
<b>ACCOMMODATION in MEDIATHEL</b> – A block of Rooms has been reserved, available at ETSI negotiated prices. [ <a href="mailto:reception@mediathel.com">mailto: reception@mediathel.com</a> ]. <a href="#">Please click HERE to find the details.</a>	
<b>MEETING SCHEDULE</b>	<ul style="list-style-type: none"> <li>The meeting will start on <b>22 June 2004 at 09:00.</b></li> <li>The meeting will end on <b>23 June 2004 at 14:00.</b></li> <li>Distribution of the badges will start ½ an hour before the start of the meeting</li> </ul>
<b>SECRETARY RESPONSIBLE FOR ADMINISTRATIVE ARRANGEMENTS</b>	<ul style="list-style-type: none"> <li>Geneviève Georges</li> <li>Tel: +33 (0)4 92 94 43 97</li> <li>E-mail: <a href="mailto:genevieve.georges@etsi.org">mailto:genevieve.georges@etsi.org</a></li> </ul>
<b>REGISTRATION</b>	<ul style="list-style-type: none"> <li>Please register before <b>15 June 2004</b></li> <li><a href="#">Click here to REGISTER</a> or to request an EOL account if you don't have one and anonymous registration is not allowed.</li> </ul>

**IMPORTANT**

- The Workshop is paperless and the **Recommended deadline for Documents submission is 16 June.**
- How to submit a document for the meeting (see below).
- [How do I get to ETSI, list of hotels at negotiated prices, car rental, useful information regarding meetings...](#)
- [Electric sockets & plugs in the World](#)

I look forward to seeing you in Sophia Antipolis.

Yours sincerely

*Christian Julien*

## IMPORTANT Documents are not provided in paper copy

- Delegates who would rather work with paper documents are advised to bring their own copies of the documents.
- During the meeting the documents will be available in electronic format on "Docbox" and accessible via the network.
- Self service PCs with access to the network and Internet are available from Main and Einstein buildings' halls.
- You may log onto the ETSI network for Delegates (meeting rooms, amphitheatre and halls) if you have an Ethernet card (radio or wire) installed on your laptop and configured to get its IP settings from a DHCP server: For assistance see: <http://portal.etsi.org/helpdesk/> (click on "Network Facilities" in menu).

## HOW TO SUBMIT A DOCUMENT FOR THIS MEETING

- **If your company is not an ETSI member**, you are not concerned by the procedure described below. Just send your documents to <mailto:TISPANsupport@etsi.org> who will take care of their numbering and uploading.
- **If your company is an ETSI member and you do not have an EOL Account** (username + password) **yet**, you should apply for an account at the following address: <http://webapp.etsi.org/CreateAccount/> then follow the procedure described hereafter once you received it.

1. To submit documents for this meeting, follow this link: <http://webapp.etsi.org/MeetingCalendar/MeetingDetails.asp?mid=24161> and select "Reserve a document number" (you will be prompted to enter your Username and Password)

2. Follow the instructions that will be displayed on the screen (by the Automatic Document Numbering application / also called **ADN**) step by step until successful reservation of your document number.

3. Download the document template from <http://docbox.etsi.org/TISPAN/Open/NGN-IMS/50-20040622-Joint3GPP> and paste your text in this template.

Then ensure:

- that you typed the **document number** (given to you by the ADN Application) **into the document's header**.
- that you saved your document under the name given to you by the ADN Application.

**NB1: If your contribution contains 2 or more files:**

- use the header template for each document
- type the same document number (given to you by the ADN) in each document's header
- give the same file name (given to you by the ADN) but append a suffix letter (indicating their logical order) to each of the documents.
- then pack them into a single archive file under the file name given to you by the ADN.

**NB2: If you can not use the header template** (your document is not a word document...):

- ensure that your document presents the same information than those given in the header template.

4. If you have upload rights (generally limited to the Technical Body Chairmen and the Secretariat staff) upload your document on Docbox <http://docbox.etsi.org/TISPAN/Open/NGN-IMS/50-20040622-Joint3GPP> via FTP, in the directory created for the meeting. For information on how to upload with a web browser, see [here](#) and for downloading FTP software see [here](#).

If you **do not** have upload rights, send your document(s) to <mailto:TISPANsupport@etsi.org>. Should the size of your mail exceed 4Mb please upload it to the open folder on docbox <http://docbox.etsi.org/TISPAN/Open/NGN-IMS/30-Inboxb> and inform <mailto:TISPANsupport@etsi.org> accordingly.

**NOTA BENE**

**TO ALLOW THE OTHER DELEGATES TO PREPARE THEMSELVES FOR THE MEETING, YOUR CONTRIBUTION SHOULD BE MADE AVAILABLE WELL IN ADVANCE**

**Source:** Chairman 3GPP TSG SA WG2 [[mailto: magnus.m.olsson@ericsson.com](mailto:magnus.m.olsson@ericsson.com)]  
and ETSI TISPAN Chair [<mailto:alainxavier.leroux@rd.francetelecom.com>]

**Title:** Preliminary Agenda for 3GPP-ETSI TISPAN Workshop

**Document for:** Approval

**Agenda Item:** 1

## Agenda

- 1 **Approval of the draft agenda**
- 2 **Objectives of the Workshop**
- 3 **Overview of the organizations**

Organization, basic rules, Working Methods etc.

  - 3.1 **3GPP**
  - 3.2 **ETSI TISPAN**
  - 3.3 **Other SDOs**
- 4 **NGN Architecture**

Presentation from ETSI TISPAN (Including specific NGN requirements and what IMS and related parts and interfaces that TISPAN considers to reuse).

Note – Overall Architecture presentation. Detailed discussion of the requirements under Item 6 below.
- 5 **IMS Architecture**

Presentation from 3GPP (including IMS enablers and related parts that can be of interest to TISPAN)
- 6 **Issues related to the reuse of IMS for NGN**
  - 6.1 **Subscription, Databases and Terminals**

[E.g. is there a UICC in NGN? What is the terminal architecture? Is HSS reused?]
  - 6.2 **IMS Enablers**

[E.g. Presence, Messaging, Group Management and Conferencing]
  - 6.3 **Security requirements and solutions**

[E.g. is there a need for all/additional security requirements defined in 3GPP?]
  - 6.4 **Charging requirements and solutions**

[Are there any differences between TISPAN and 3GPP requirements?]
  - 6.5 **Bearer QoS classes**

[3GPP defined QoS Classes versus Y.1541 QoS Classes. Which mapping? Jitter requirements?]
  - 6.6 **Resource allocation and Policy Control**

[Go/Gq interface for NGN? Need for Policy-Push and Policy-Pull scenarios?]
  - 6.7 **Services**

[E.g. Is there a need to standardise services? supplementary services? Any need to enhance the voice support in IMS?]

#### **6.8 IP Version and related Interworking issues**

[E.g. IP version used and potential Migration]

#### **6.9 Interconnection to External Networks**

[Are there additional requirements for TISpan? E.g. Need for dynamic firewall and resource control at network boundaries?]

#### **6.10 Potential impacts on SIP profile**

[E.g. Location information, SIP Compression]

#### **6.11 Potential impacts on DIAMETER profiles**

[E.g. coding of Access related information in CDRs. Impacts Policy-push on Gq ...]

#### **6.12 Management requirements and solutions**

[Are there any differences between 3GPP and TISpan ?]

#### **6.13 Other Requirements/Topics**

For example:

- Common Application Servers access from IMS and from other Subsystems?
- Need for direct interactions between resource control entities
- Relationships between the IMS and NGN modelling (i.e. service/transport split).

### **7 Possible reuse of IMS to support PSTN/ISDN service emulation**

[E.g. Additional requirements for building the PSTN/ISDN emulation subsystem on IMS components]

### **8 Current Activities and Workplan**

Presentation of the organisations' Workplans, items currently being worked on and their timescales.

Identification of where work is dependent on each other's deliverables

#### **8.1 3GPP**

#### **7.2 ETSI TISpan**

#### **7.3 Other SDOs**

### **9 Discussion of future Cooperation**

Discussion of how ETSI TISpan and 3GPP can cooperate.

Specifications of interest to TISpan, involved working groups etc.

How to work in practice with requirements, LSs, joint work, referencing or copying and modifying specifications etc...

### **10 AoB**

### **11 Close of meeting**
