Title: TSG-T deliverables scheduled for approval at TSG-T#3 in Yokohama, April 1999

Agenda item: 6.3 & 8.3

If the deliverables in the attachment (HTML file) cannot be submitted to TSG-T for approval at the present meeting, the respective WG should give:

- 1) the REASON for delay
- 2) a new TARGET DATE for TSG-T approval

NOTE: Deliverables for approval at the next TSG-T meeting in Miami (June 1999) and NOT having 3GPP work items yet, must have TSG-T approved work item in Yokohama (i.e. until end April 1999). These work items will be formally approved by 3GPP (PCG) during May 1999. As a consequence, TSG-T could approve the corresponding deliverables in June 1999.
