### 1 Overview

OMA – MMSG group would like to thank 3GPP TSG T for its liaison on status report on the work on MMS within 3GPP TSG T WG2, and would like to respond with the status report of OMA MWG MMSG group working on MMS in OMA.

### 2 Proposal

The OMA MWG MMSG would like to inform 3GPP and 3GPP2 that MMSG had formed a landing pad task force group which addressed the specific issue of a possible MMS transfer. OMA MWG MMSG would like to inform 3GPP/3GPP2 that we are prepared for a transfer of MMS work from 3GPP/3GPP2 into OMA. This work was completed at least 6 months ago.

The output of this group in OMA MWG MMSG is an approved OMA document (OMA-MMSG-2004-0113R05-MMSG-LPTF-Recommendations) that outlines how and what relevant (bearer agnostic) parts of the MMS specifications from both 3GPP/3GPP2 would be combined into one or more OMA documents.
