**Dear Mr. Adrian Scrase,**

On behalf of CCSA, I would like to recommend Mr. Rouzbeh Farhoumand from Huawei Technologies to serve a second term as the TSG-CT Vice chairman.

Rouzbeh has 17 years of telecommunications experience in wireless systems, system architecture, signaling, protocols and products. He has an excellent track record of 13 years of standardization work in global and national standardization bodies. Rouzbeh is a well known and highly accomplished individual in the 3GPP community who started attending 3GPP since the first plenary meeting in December 1998. Rouzbeh has been actively contributing to the technical and success of the work in all the CT WGs and the Plenary meetings.

I believe Mr. Rouzbeh Farhoumand will commit himself to assisting the TSG-CT Chairman for the affairs in respective area and contribute to the progress of 3GPP as a whole.

Your support will be greatly appreciated.

Sincerely yours.

Zemin Yang

Secretary-General

China Communications Standards Association
