Ms. Susanna Kooistra
Mr. Kimmo Kymalainen
3GPP Mobile Competence Centre

Dear Susanna, Dear Kimmo,

On behalf of AT&T, an ATIS member, I am very pleased to nominate Luisa Marchetto to serve a second term as 3GPP TSG CT Vice Chairman. In addition to her current role as CT Vice Chairman, Luisa actively participates in 3GPP as the AT&T lead delegate for CT, SA, and SA1, and is part of the ATIS delegation to the PCG. Luisa also provides support to her AT&T colleagues for several SA and CT working groups. Since 2002, Luisa been an active member in 3GPP standards and during this time, has covered TSG CT, TSG SA, TSG T, SA1, SA2, SA5, T2, and PCG. Within SA1, she has chaired several key sub-working groups, including Voice Call Continuity and Emergency Calls.

Luisa has extensive background in the development, implementation, and standardization of wireless systems, including fixed mobile convergence. Prior to working at AT&T, she worked as a software and systems engineer on wireless data systems at Motorola. Luisa has a BAsC degree in Computer Engineering from the University of British Columbia.

If elected, AT&T will provide all the necessary resources to ensure that Luisa can take on the full responsibilities of this role, and continue her commitment as part of the CT leadership team.

Sincerely,

Brian K. Daly
Director – Core Network & Government/Regulatory Standards
