Nomination of Mr. Simone Provedi as candidate for Chairman of 3GPP RAN WG2

Dear Susanna and Joern,

As an indication of strong and continued commitment to 3GPP, Huawei is pleased to nominate Mr. Simone Provedi as candidate for the 3GPP RAN WG2 chairman election at RAN2#75 in August 2011. Simone will represent HUAWEI TECHNOLOGIES Co., Ltd., a member of ETSI.

Simone has more than ten years of experience in 3G industry, having worked both on the UE side and on the network side, in user plane and in control plane, both in product and system design and in standards and research. A short CV is attached to this letter.

We think that his strong technical background and his experience of more than five years in RAN WG2, with different leading roles in Huawei and other important delegations, would help Simone to drive the progress in RAN WG2 in a fair and efficient way, as he did already in his past chairing experience.

Huawei will provide all the necessary support and resources to ensure that Simone fulfils his responsibilities as 3GPP TSG RAN WG2 Chairman.

Sincerely Yours,

A handwritten signature in black ink, appearing to be the Chinese characters "孙立欣" (Sun Lixin).

Sun Lixin
Director of Wireless Standards Department
Huawei Technologies Co., Ltd.

Curriculum Vitae of Mr Simone Proveddi

Simone received his Electronic Engineering MS Degree from the University of Pisa, Italy, in 1998.

After the mandatory military service, as Navy Reserve Officer, he has worked in Marconi from 2000 to 2002 in UTRAN UMTS L2/L3 Protocols development.

From 2002 to 2006 he has worked in Nokia in UE UMTS L2/L3 Protocols development and interoperability testing, mainly in MAC layer design and protocol stack security (MAC, RLC and RRC).

From May 2006 to January 2010 he has participated to RAN WG2, in the latter years as head of the Nokia delegation, working with Standards and Research. He has been rapporteur of TS 25.331 ASN.1.

From January 2010 to February 2011 he has worked in Ericsson, in System Design.
Since October 2010 he was Vice Technical Coordinator of the Ericsson/ST-Ericsson RAN2 delegation.
He has been rapporteur of 3GPP specifications TS 25.331 (RRC) and TS 25.305 (Positioning).
He has chaired for the whole week the UMTS/HSPA session in RAN WG2#69 in San Francisco, USA.

From March 2011 he joined Huawei Standards department.
Currently he has responsibility over the whole activity of Huawei RAN WG2 delegation, mainly focusing on LTE.
He recently became a RAN plenary delegate, fully involved in coordination with customers and major 3GPP players
